The Leather and Color for Shoes

Glazed kid is the acknowledged best leather for either men's or women's shoes. The present favor in which the shade known as "Golden Brown Color No. 21" stands has proven a great help in introducing Glazed Kid to more

general use than heretofore. It is highly finished and easily kept in condition without dressing of any kind. Its natural gloss is due to the process of tanning rather than to show dressing.

"Golden Brown Color No. 21" harmonizes perfectly with every color combination favored by this year's style. Ask your shoe dealer for it and be sure you use the full name, "Golden Brown Color No. 21."
